The MakersHub process

Capture

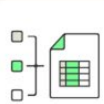
Our Smart Data Capture feature means you'll never have to manually enter bill or receipt data again.

Approve

Pay with confidence. Rest easy knowing every bill and receipt has been reviewed by the right people.

Sync

A deep 2-way integration with QuickBooks (Online & Desktop) that automates bill, payment, item, and vendor record creation.



Map

MakersHub auto-creates records in QuickBooks, even coding them to the right place in the Chart of Accounts.

MakersHub Pay

Payments with full accounting context and authorization controls. Discover flexible payment record creation and streamlined reconciliation.
